COSMIC COWBOYS

A classic buddy show about two intergalactic bounty hunters : Curtis and Dook.

Curtis is a superfly cat - goat mutant, he's a severe petrolhead and is always up for a party. Dook is very different, square, very big on rules and discipline. The main opponent of this more than dynamic duo is public enemy Nr1 : Cereal Bob.

Our space posse will travel from planet to solar system, no black hole is left unturned to find this evil bunny, but no matter how many times they deliver him at Deputy Roscoe's jail, he always seems to have found a way to escape in the next episode. A combination of Western and sci-fi clichés make for a truly surprising universe, but, no matter where you find them, our bunny's the bane of those Cosmic Cowboys!
