Delta State is an original sci-fi serial with four main characters – super "anti" heroes in their early twenties who peacefully share an apartment together. They also share a collective amnesia which dates back to the day they first met.

Since that day, displaying supernatural powers, they discover they are the only ones who can rid humanity of the Rifters... mysterious entities seeking control of human minds.

Their fight will essentially take place in a strange parallel world called "The Delta Phase", an as yet unexplored world where they can retrieve the missing pieces of their past.
